What is the Oncology Center of Excellence?

Self-Insured Schools of California (SISC) has partnered with Health Design Plus (HDP) to offer their Oncology Center of Excellence Program to help covered members navigate their cancer diagnosis and treatment journey.

Founded in 1913, City of Hope is an NCI designated facility and is currently the facility available to SISC members through the Center of Excellence program. The National Cancer Institute has designated City of Hope as a comprehensive cancer center, an honor reserved for only 50 institutions nationwide. To retain this designation, City of Hope has to hold itself to the highest possible standards which translate into the best possible care for SISC members facing a cancer diagnosis.
